

# Oxygen Safety

**DORSET & WILTSHIRE  
FIRE AND RESCUE**

## Oxygen Aid

- Never smoke (or let anyone else smoke in the same room as you) whilst using your oxygen equipment
- Never use your oxygen equipment near a naked flame or electrical appliances, this includes the following;
  - All forms of smoking and e-cigarettes; gas and electric cookers, electric razors and hair dryers
  - Make sure your oxygen is stored as per the supplier's directions

**For further safety  
information contact  
your oxygen supplier**

For **free** safe and well advice or to check your eligibility for a safe & well visit, please see our website: [dwfire.org.uk/safety/safe-and-well-visits/](https://www.dwfire.org.uk/safety/safe-and-well-visits/)

Alternatively call our safe & well administrator on **freephone 0800 038 2323** during office hours or leave a message on our answer phone.
